SEE TOMORROW'S PROJECTS OPPORTUNITIES TODAY

The construction industry has gone through considerable change in the last decade. Ever more demanding clients and fierce competition are creating new challenges and opportunities. Are you ready to seize them?

Zawya's Projects Monitor provides developers, contractors, manufacturers, suppliers and financial institutions with the essential intelligence they need to source new opportunities, strengthen project offerings, build profitable relationships, and grow their business.

Moreover, organizations are constantly challenged to meet the dynamic demands of competitive markets. With budgets to meet, staff to manage, and results to deliver, it's crucially important to have the right project intelligence at your fingertips.

Our innovative approach to project intelligence, combines independent news, research, and analysis on thousands of projects and the companies behind them, giving you and your team an inside look at how the MENA construction and projects landscape is evolving, and helping you focus on only the most profitable projects and opportunities.

“The information provided is always up to date and accurate. Using Zawya Projects as a source of market intelligence was a significant factor in my business growth.”

NAWAR SHUBBER – EGS Electrical Group
